HangMan Security Audit I am not able to download the Data. please try this.. Benson Walker Game Creator Who says kids can't be violent and not get punished? School is made for kids with the ability to study, but not to make the education materials. Kids not educated will go to school and look for education materials with no punishment. I won't see even a hint of such program when there will be no threat to exist for such materials. Schools will come up empty and the only idea left will be something like downloading (offline of course). John Rogers Home Safety I am a retired psychologist with over 30 years of experience working with children and adults with special needs. This would be a great thing to have in schools. My question is...there is already a program, Child
