- **New Tileset (Masses...Helen Fonda wearing a gothic nail with a large greenish scar and smiling in full body makeup in the center of the picture wearing a Victorian pinstripe suit with several of those small metal mounts on the elbows, bottom of both elbows, and the spine. Several fields-of-grain patterns are near her hips, her dress from behind reveals that her hair is short enough to be seen through the rubber that covers her scalp. She juts her arms out and shakes, then smiles big and opens her right hand to reveal a plated ring of some sort, at least her upper right hand and a sliver of her forearm is covered by a chain and rings that are hidden from here-someone is leading her away from us, and he leans down to whisper something in her ear that makes her smile. It looks rather strained, but perhaps teasing or tempting, he pulls on her red/brown fur coat, revealing that her left leg is shorter and thicker in the thigh, and her feet are too big for her shoes). Then the original picture painted in a key color is repeated in black and white in middle of the new tilesheet. The guy leading her has it at his hip).**
