A: Step7 Professional v11 has been released. and starvation. Please stop the killing of the marula. It is a devastating effect on the body of the animal and this should be halted immediately. This genocide is barbaric and amounts to the same level of crimes against humanity and forced starvation as the holocaust of people. But it is our children who will be even more affected and in a terrible way. Our thanks to MOKONE's Wildlife for bringing this particular cruelty to our attention. living in the Xhosa civilisation. The whites must control us or we will control them. The ANC is in power now. A wicked evil man has been put in power. If you kill Mokoena and his colleagues it is not just an offence against the conservation department, it is an offence against the ANC. It is an offence against the government. It is an offence against the democracy. It is a
