Now is the time when the glorious treasure of the Elden Ring is born. A legendary treasure that has been lost for a long time, and thus a perfect match for the greed and power of the human. The legend of the Elden Ring is a pervasive myth that has become the grandest of stories in the world. This is a feature that can be applied to the player character and the party members. ? World: A complex multilayered world that has no fantasy that cannot be understood.
